PETITION FOR REPRINTED PATENT UNDER 37 C.F.R. 1.322(b)

Sir:

It is noted that an error appears in this patent, as more fully described below, due to a mistake by the Patent and Trademark Office.

The attached original letters patent lists a terminal disclaimer of two patent applications 10/721,031 and 11/248650, both of which appear to be owned by Abbot Labs and not the assignee of U.S. Patent No. 7,428,649. Applicant did not file any terminal disclaimers in the application that issued as US Patent No. 7,428,649. Furthermore, the subject matter of the terminally disclaimed application does not appear to have anything to do with US Patent No. 7,428,649.

Patentee respectfully submits that a certificate of correction is inappropriate in form to correct this mistake. Therefore, Patentee respectfully requests the Commissioner issue a corrected patent.

Also note that a Certificate of Correction is also being filed concurrently herewith. Therefore, Applicant respectfully requests that the reprinted incorporate the other noted errors.

Respectfully submitted,

Dated: October 30, 2008
